

Invocation of the Eternal Masculine

The eternal masculine archetypes live within me.
I am Father, Warrior, Wizard, Lover, and Sovereign.

I embrace the Father within
Dedicating to a selfless love
I compassionately encourage, nurture, and provide
for my community, my children, and all life.
I am one with respect and forgiveness
Authority and patience

I embrace the Warrior within
I skillfully destroy that which does not serve me
Releasing all compulsions to act unconsciously.
I protect and defend with mindful purpose.
I am one with balance and force
Valor and Might

I embrace the Wizard within
I draw from hidden knowledge and seek the essential
Dedicating to an ever-expanding consciousness
Wielding my talents in the pursuit of excellence
I am one with the prophetic and profane
Will and wisdom

I embrace the Lover within
I am infatuated with the intimate beauty of life
I express my sensual dreams in words, deeds, and art
To charm and inspire others
I am one with the erotic and romantic
Tender and free

Being in balance with Father, Warrior, Wizard, Lover
I step into the fullness of the Sovereign within
I am the harmonizing principle, the subjugator of chaos, the uniter of opposites.
I utilize the wealth of my tools to bring bounty, boundless, and bless to all that I love.

And I find the totality within myself
I am one with my responsibilities
my potency
my skills
my devotion
I am Father, Warrior, Wizard, Lover, and Sovereign.
I sit in the balanced strength of my masculinity
powerful, loving, and aligned
